

2009 OTOA Long Range Sniper Training Templar Tactical Hosting

Vendor Information packet

Gentlemen,

OTOA is proud to be hosting this event again for the fourth year now. Each year we have increased our attendance and provide the association members a unique training environment they rarely are exposed to.

We have had great support in the past and hope to provide you with an attentive captive audience during the days of training we have laid out. The Templar Tactical facility is one of the newest full scale tactical training locations and a first for Ohio.

**Templar Tactical
15786 Twp Rd 118
Kimbolton, OH 43749**

Our opening day agenda is attached and we have fit times for discussion and demo for as many items as possible during the first day of training. Please contact me if there are questions about the venue and time schedules. Teams from all over Ohio and surrounding states have expressed interest in attending. We are limiting the attendance to 100 for this year to make sure the training time is worthwhile.

Additional Accommodations are available:

**Coshocton Village Inn and Suites
115 N. Water St
Coshocton, OH 43812
740-622- 9455**

**Super 8 –Coshocton
