

# Basic SWAT

Duration: 5 Days    Cost: \$650

Approved for CPT: 24 Assignment-Based hours

## Eligibility

All sworn first responders from state, federal, or local agencies.

## Description

This course introduces foundational SWAT tactics and techniques, covering history, team structure, barricaded suspects, movement, searches, room clearing, less-lethal options, and warrant service. Students engage in high-intensity, hands-on training exercises. Instruction emphasizes principles over rigid tactics, reinforcing how applying fundamentals leads to safer, more effective responses to real-world critical incidents.

- Response protocols are built around basic principles.
- Violation of basic principles develops into poor tactics.
- The applications of fundamental principles lead to safer tactics.

## Student Goals

- Understand SWAT history, roles, and responsibilities within a tactical team.
- Develop safe and effective team movement and room-clearing skills.
- Apply tactical principles in both individual and team-based scenarios.
- Build confidence in operating primary and secondary weapon systems under stress.
- Identify appropriate uses of force, de-escalation strategies, and critical incident resolution.
- Demonstrate competence in full mission planning and execution in high-risk environments.
