Red Dot Sight Pistol - Train the Trainer

> Duration: 2 Days (16 Hours) Cost: $500

Eligibility

This course is designed for instructors, firearms trainers, and law enforcement personnel responsible for training others in Red Dot Sight systems.

Description

This Train-the-Trainer course prepares officers to instruct others in the effective use of red dot sights on duty pistols. Through classroom and live-fire training, participants learn fundamentals, advanced applications, optic limitations, and instructional techniques. Coaching and teach-backs ensure officers return ready to train their own agencies with confidence.

- Structure vs. strength, efficiency through reduced effort
- Pros, cons, and limitations of market optics
- Using RDS in adverse weather and CQB/long-range scenarios
- Dealing with optic damage or glass obstruction
- Instructional techniques, adult learning, teach-backs
- Mounted/dismounted movement with application rationale

Student Goals

- Train and certify officers to instruct RDS pistol use effectively
- Diagnose shooter and student performance issues
